### Senior Play Cast

First row, left to right: Wilma Via, Louise Lewis, Winifred Singer, Agnes Sortor, Wilma Rouch.

Second row: H.C. Settle; coach, George Peters, Glen Holsten, Thomas Zuber, George Glentzer, Jack Gillispie, Mildred Stuber.

### "Lindy Lou"

This play was given the 7th and 8th of December at the West Grove Grange Hall. When the play starts we find Dick Barry - Jack Gillispie, a young physical culturist training three pretty girls who are training for a beauty contest. These girls are known as the three sweet peas, Patsy - Wilma Via, Prunella - Agnes Sortor, Patricia - Wilma Rouch. Lindy Lou - Winifred Singer has hired Dick Barry for the training of the girls and also Big Boy Roberts - George Glentzer, to look after Lindy's uncle's flower garden. T. Timothy Tweedsome, Lindy's uncle had gone for

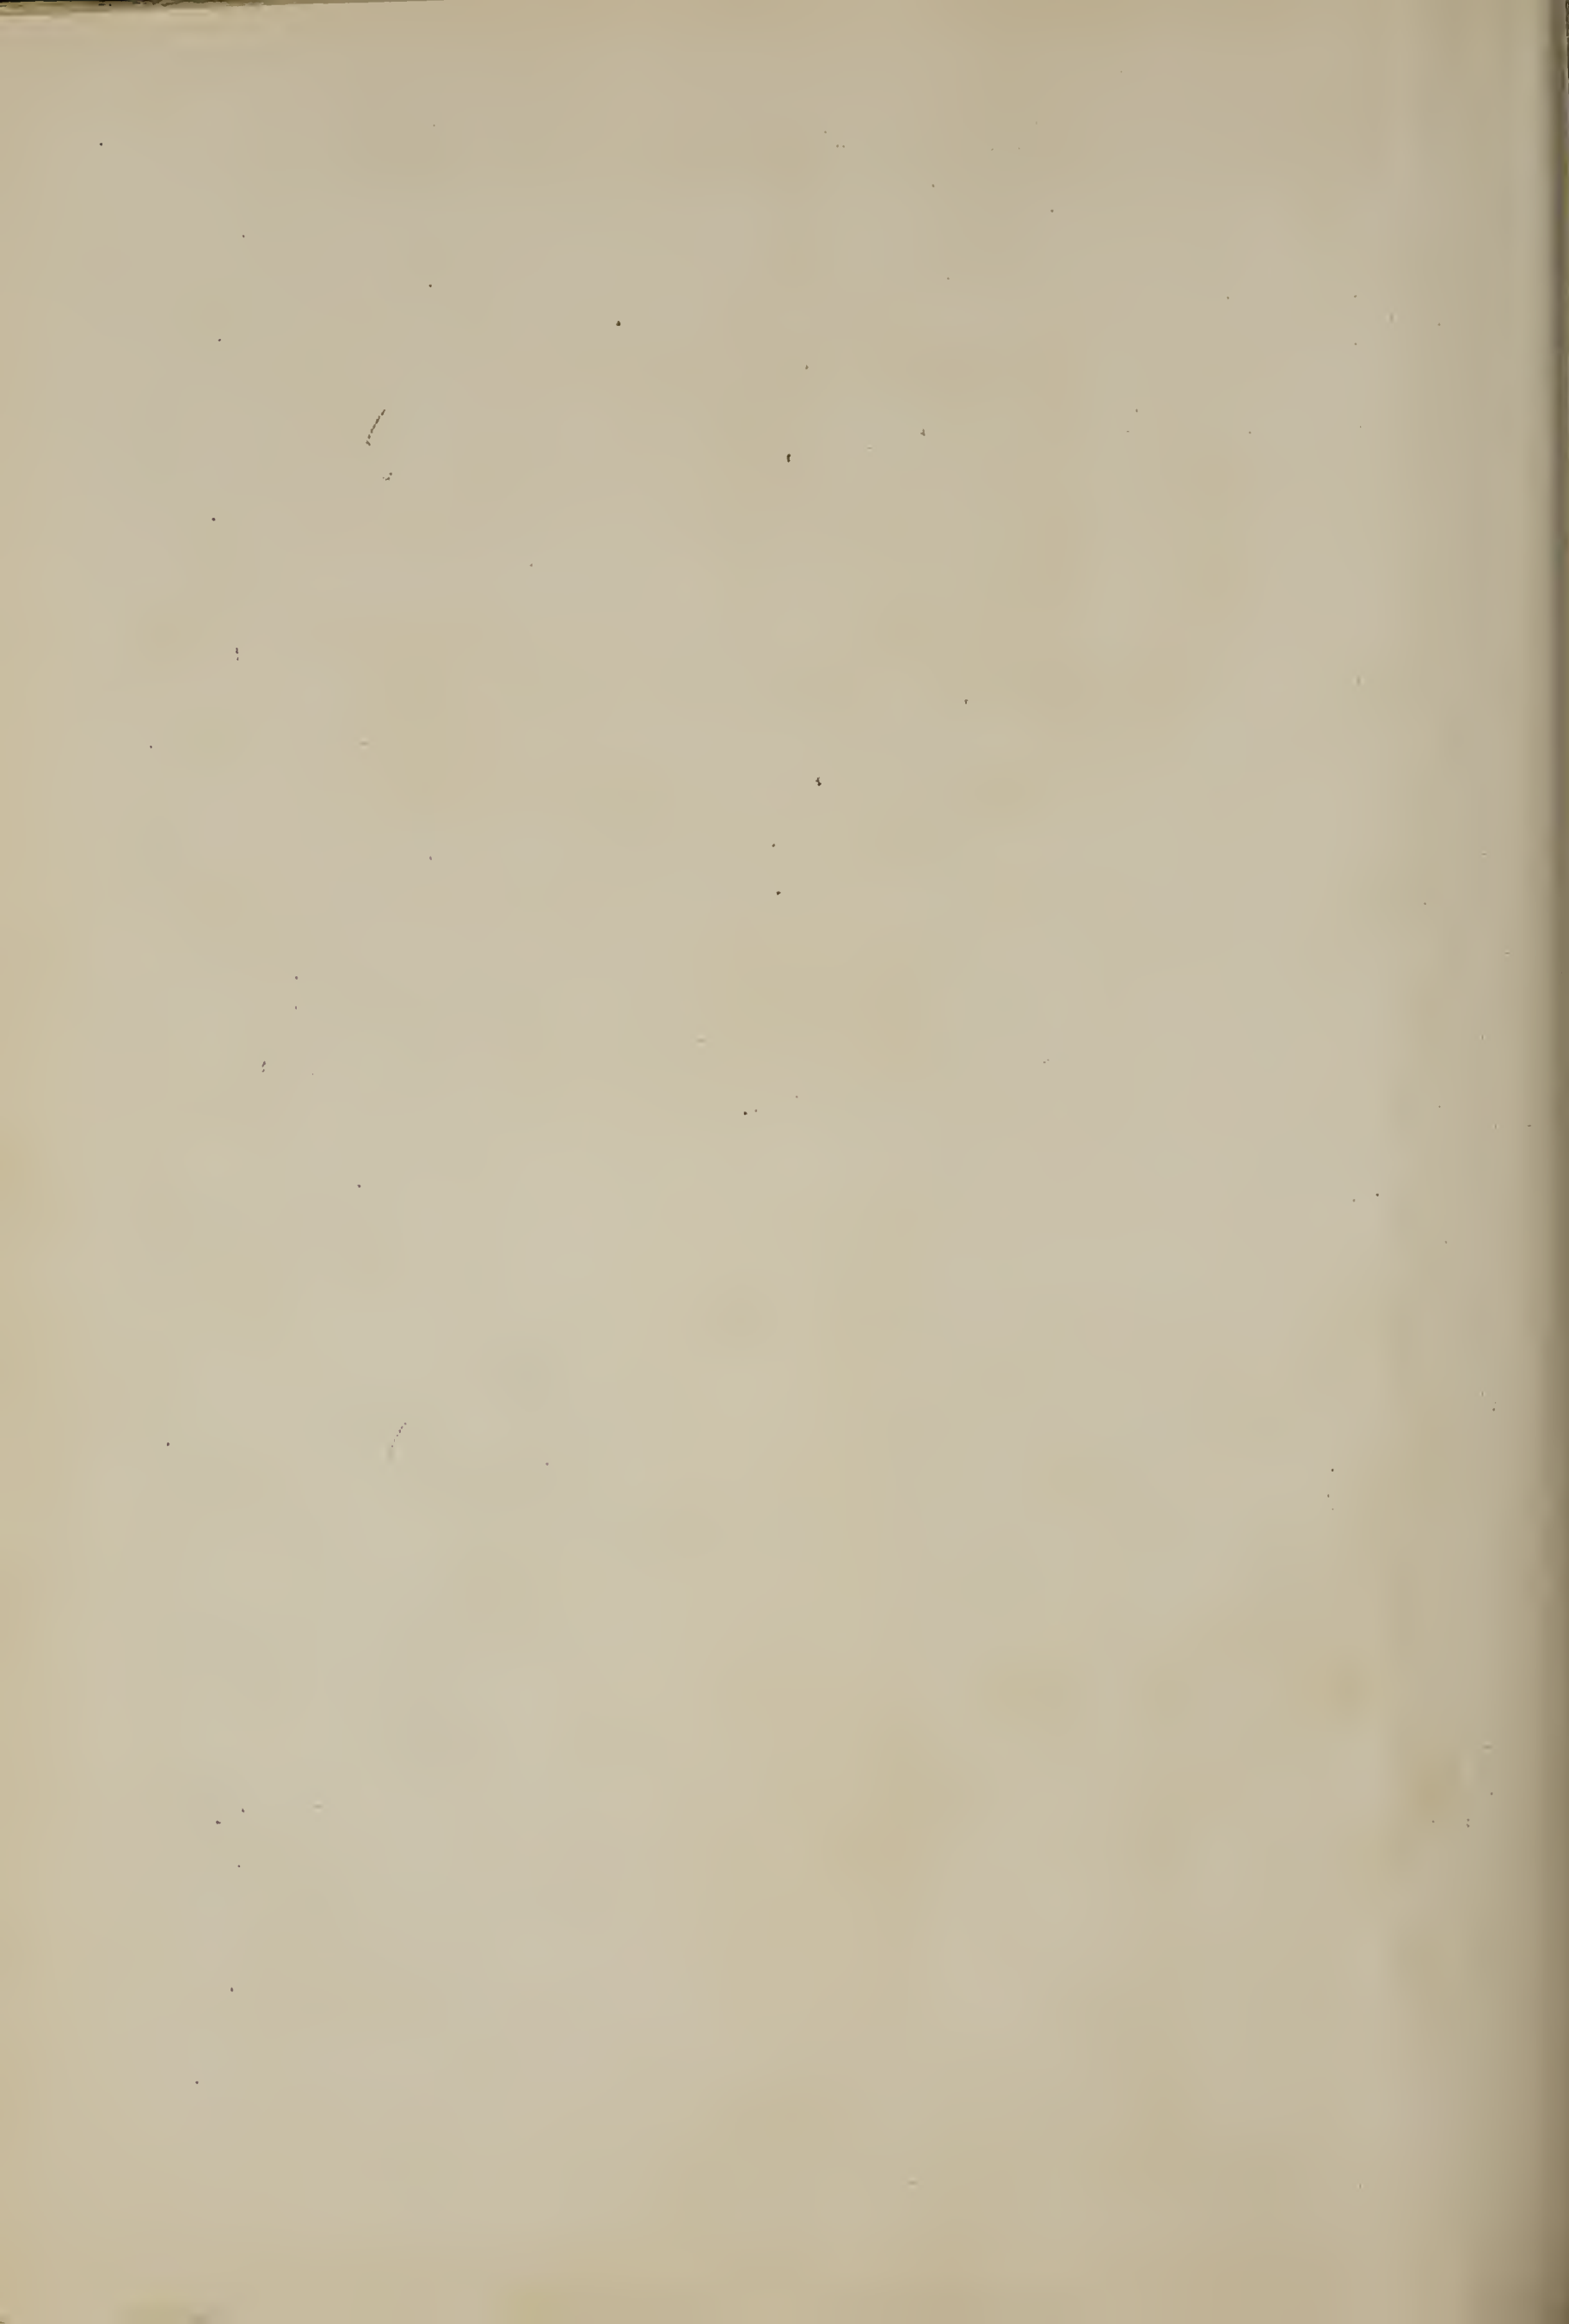

a visit to England. While he is there he falls in love with the Dutchess of Londonberry - Mildred Stuber. When he returned home he becomes interested in the three sweet peas. Blackstone - Thomas Zuber, appearing as a famous movie producer and his social secretary Ethelburt - Glenn Holsten heard about the coming of the Dutchess of Londonberry who has many jewels and a famous moonstone ring. They wished to steal her jewels. Delores Delmonte - Louise Lewis, comes to the Tweedsome home. Mr. Tweedsome arrives from England and the climax of the play takes place as Delores is vamping Timothy just as the Dutchess arrives. As the play ends we find that Blackstone and Ethelburt are thieves of the highest order and Delores Delmonte whose real name is Agnes Mercer of the G-Crops was sent here by the government. Thus the play ends with the Winners of the Contest being Lindy Lou Evans and Patsy.

### SENIOR NIGHT

Senior Night was held at the West Grove Grange, April 18, 1938. The program was based on a barn show, with hay and colored lights to carry out the right effect. Class poem, Jr. & Sr. prophecy, Class will, were read during the evening, and at the end of the program the class song was sung.

We Seniors were dressed in farmyard fashions. Having a jazz band seemed to set the program off. Duets, readings, ect, were given by different ones in the class. A good time was enjoyed by all.

### Class Poem

Listen my friends and you shall hear,  
Of that good old class of our Senior year,  
We're not very large in number, as you soon  
will know,  
But we're always alert and ready to go.

As we are gathered in one great mass,  
We've decided to tell you about our Senior  
class,  
Maybe first our teachers had better come,  
For it was them that made us step and hum.

First comes Mr. Settle, our class sponsor,  
Who has helped we Seniors in all our answers,  
He has pulled, scraped, and fought for us,  
And now we thank him for his pluck,

Mr. Cooper who likes to sing,  
Also likes for us to be quiet when the bell  
rings,  
But nevertheless, we will have to confess,  
He takes his stand among the rest.

Miss Ford is a new one this year,  
And, "quiet boys," is all we hear,  
But just the same, she's very sweet,  
As Chippy thinks she's hard to beat.

Here comes our song bird, Mrs. Bradford,  
In her classes, noise and talking she can't  
afford,  
She makes us hum and do a, hi, de, do,  
Till the end of the year, our talents we do  
show.

Here comes Mr. Bolander, better known as Terry  
The burdens of our team he does carry,  
They say he makes good chili soup,  
But just the same, he trains our boys  
to hit the hoop.

9

3

Last, but not least comes Mr. Sisk,  
With the pupils and faculty he bears the  
risk, -

He works very hard from morn till night,  
To see that our school is kept allright.

Here comes Nora Belle and Eileen Avey,  
Whose ambitions are, to marry someone from  
the navy,

They always do their part in our Senior  
class,

But the Poling boys they seem to pass.

Who makes the A's in our class?

Verna Bricker, a curly haired lass,  
She's been with Poling for many years,  
And now it's hard to part without a tear,

Who should we introduce to you next, our  
President,

Jack Gillispie, with all his pep is quite  
content,

To all the girls he seems quite fond,  
But it's Winnies heart he seems to have  
won.

Milored Stuber, the pianist of our school,  
Over George Glentzer she likes to rule,  
She's tall, dark, and slender,  
And always glad her services to render.

Wilma Rouch, a pretty little blonde,  
Of Harland Blankenbaker, she's still very  
fond,

She's a little short and very neat,  
And Blanky thinks she's hard to beat.

Agnes Sortor who is always neat,  
Has a personality both pleasing and sweet,  
She tackles her work with a smile,  
To gain her friendship is quite worth  
while.

Glen Holsten a big German lad,  
Blushing seems to be his fad,  
On Poling's team he takes his stand,  
And all the girls think he's grand.

Winifred Singer, a charming lass,  
Is always neat and has lots of class,  
She wears one ring only,  
And that seems to be an engagement to Tony.

Did you hear some one giggle?  
She'd just die if she couldn't wiggle,  
She's the Queen of our High,  
Everyone knows its Wilma Via.

George Glentzer, our basket ball star,  
Of all the girls, he prefers Tillie by far,  
He's gained a name in Poling High,  
But his parting days are drawing nigh.

George Peters with an intelligent mind,  
A better friend you could not find,  
He has lots of pep and lots of vigor,  
But we all wish he'd grow a little bigger.

Thomas Zuber, we can't leave out,  
It's Sue Snyder he's crazy about,  
By his initials his name comes last,  
But, for that V-8 he'd get "nowhere fast".

Now we take Louis Lewis,  
Who is very michievous, despite her looks,  
She's very cute, and quite small,  
But, for her, Charlie beats them all.

Now Ruth King comes into the scene,  
On Poling boys she is not so keen,  
She's rather quite and sincere,  
And always takes her trouble without fear.

Last comes Lawrence Lee, whom we call  
Jim,  
'Twas Poling victories he helped  
win,  
He's tall in stature being  
six foot one,  
And the hearts of Pol-  
ing he has won.

Now you have read and found mistakes,  
Please don't mention them, for our sakes,  
We've tried darn hard to please 'em all,  
And now don't cuss, if we made a flaw.

We've worked and studied throughout the  
year,  
And of a better Senior Class you will  
never hear,  
For higher position in the world will  
try,  
So, now kind friends; goodluck and goodby.

Wilma Rouch  
Winifred Singer

SENIOR CLASS SONG  
(Tune, With a Smile and a Song)

Verse,--

Our school days here, now are ended,  
We must bid farewell,  
To our teachers, and our comrades,  
Who we know so well;  
It was to this little schoolhouse  
That we went each day,  
Just to play and get our lessons,  
In the nicest way -- for

Chorus,

Now our school days are through,  
So we bid one and all an adieu,  
Our fun in the past,  
Will bring memories that last,  
We have worked with an aim,  
True and Loyal we wish to remain,  
There's sorrow in our hearts  
As each of us part;  
Though we must leave Poling,  
Our hearts still will be here,  
For this is where we worked  
With each other year by year;  
As we leave don't forget,  
We'll continue to be your schoolmates  
So well you remember,  
We the graduates.

We returned as dignified seniors, with our same number. The first semester we presented our play "Lindy Lou". ## Senior Class Prophecy

On the evening of July 4, 1948, on the "Live Wire" ranch owned by David Alberson, all the cowhands and helpers were gathered on the patio of the ranch house, injoying the evening Arizona air and singing of Yodeling Cowboy, Arthur Worth and his guitar. Out of the distance came the sounds of howling coyoles. As Arthur raised his head to yodel he saw the invisiabe purple and gold plane of Bud Brubaker pilot, and Viri Daily Mechanic. He gave a welcoming yip--ee, in which all joined. Together the cowhands stamped out to the plane and welcome them.

We learned from Bud and Viri that they had just returned from a trip around the world and have given us the following information;

Mildred Stuber, has just become the world's greatest pianist and accompanies Rubenoff and his violin. Rubenoff though his hair is turning gray thinks the world and all of his young pianist. Mildred better watch or she may be wearing a plain gold circlet on her left hand.

Glen Holsten better known as "Slugger". Has taken the lovely Wilma Via for his wife. The romance started at a ball game in the Hartford Township School Building. The game was between Poling and Bryant in 1938.

In one of Poling's large Insurance offices we find Verna Bricker as chief stenographer. She has a typing rate of 150 words per minute.

We always knew George Glentzer would be a player on the New York Yankee's baseball team. He makes more runs than any other player on the team.

9

3

we only hope he doesn't end like Lou Ger-  
igh, a cowboy in the movies.

Wilma Rouch has finally married Har-  
land Blankenbaker. They live on a farm  
near Poling. In Harland's spare time he  
teaches the kiddies to be like Popeye the  
sailor man.

Agnes Sortor has a nice husband. They  
own a factory in which they make slacks.  
The children, cats, dogs, etc. wear them  
to advertise the business. They hope to  
make a fortune.

Jack Gillispie, who when in high  
school wanted to be a lawyer, is now work-  
ing on blue prints for a car that can be  
driven with one hand and automatic gear  
shift. The car will have a frost proof  
windshield. He has had some difficulty.

Georgia Bowman, nee Georgia Calhoun,  
and her husband now own the largest Poor  
Farm in the Rocky mountains. They al-  
ways had sympathy for poor people and  
now serve cornbread and beans for Sunday  
dinner.

Eileen Avey the perfect woman is a  
missionary in Africa. She is in love  
with Chief-Rain-In-The-Face, who is chief  
of "How-'my-I-Doin" tribe.

Bud said one day he was walking down  
the street he heard a terrible noise; he  
turned and looked and George Peters was  
going past him. George has been named  
champion liar of Poling's club. Fiber  
McGee hasn't a look in with George.

W  
Winifred no longer has the name  
of Singer but that of Mrs. Tony  
Drobnic. They have a fairly good  
business. Tony owns radio  
factories in Kokomo, Poling  
Indiana, and Peking, Ch-  
ina. Regardless of the

many radios, Tony thinks Wimmie is the best.

Ruth King is one of the best nurses in the Poling Hospital. She sure does know her business. Viri tells from experience.

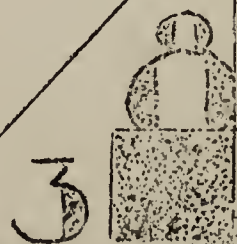

Jim Lee, has grown to be the world's tallest man, reaching the height of  $15\frac{1}{2}$  feet. He is now making a tour of the World with President Grant Cooper and his family of the U.S.A. Jim seems to like his oldest daughter, who is in need of a husband.

Since the war of 1940 called for volunteers, the fiance of Louise Lewis went to help his native country, China. She wears his diamond in hopes of his return.

Thomas Zuber always liked to do outstanding things. Tom is breaking all speed records driving Fords and Milk trucks. Sometimes he loses the lids from the milk cans.

Nora Belle Avey is still looking for a husband. She has been looking since 1938. He must be a man six feet tall, with brown eyes and black curly hair. In fact he should be a Prince.

At the close of the conversation, Ivan Ault, cook on the "Live Wire" ranch came to the door and hollowed, "Come and get it," We all rushed to the house for a midnight lunch, and later retired to our bunkhouses for thenight singing, "I'm an old Cowhand".

## Junior Prophecy

While touring the United States in H.C. Settle's house car in the year of 2000, we stopped off at Perryville. After seeing everything of interest, we had about made up our minds to leave this noted metropolis, when one of the party mentioned having our fortunes teller who had just arrived from the Orient.

Upon reaching her place of residence, it was decided that Mr. Settle would have his fortune told first. We all crowded around while the fortune teller gazed into the crystal before her and asked what he wished to know.

Now for our entertainment and to our great delight he asked where the members of the class of 1939 were.

After gazing in the cloudy crystal for several minutes she told us to return the next day, that the spirits of '39 couldn't be recalled in such a short time. But as it was impossible for us to stay over night because of no available hotel room, due to the Olympics being held there, she said she would do her "derndest".

Grace Bird, has been reunited with Billy Neville after her disappointment romance with Jay Geeseman, of which her parents wholly disapproved. They are living in the back of their animal shop on Fifth Avenue, New York. Here Jay Geeseman has the honorable position as their butler.

Delores Isenhardt, and David Alberson have just returned from their search for a lost diamond mine in South America, the expedition was said to have been a failure.

Hugh Alberson is the leader of a symphony orchestra at the Metropolitan Opera House where Kate Bell has been the leading lady in many of these famous Operas.

Charles Pogue and Wilma Via run an orphan's home in Pennville, Charley entertains them by rolling a peanut around the room with his nose.

Robert Peters is a famous speaker at presidential conventions, as he "pounds" on the table to emphasize his point, everyone listens in awed silence until he has finished then there is a thunderous applause.

Betty Brunson and Ivan Ault are now star tap-dancers at the Madison Square Garden. Before this they were parachute jumpers. They are planning to swim the English Channel in the spring. As a team they seem to "go over" good.

Dorwin Rigby and Arthur Worth have returned home disappointed after spending five years in the Polar regions trying to sell electric washers to the Eskimos.

Sissy Smith and Rosemary Coon are leaving the United States to visit Alcatraz Island, they will return and write human interest stories for the Polingtown Herald to keep the modern youth.

Betty Flesher is a tight rope walker in the Ringling 3 ring circus, when it reached Polingtown so many people attended that they stayed a month, the first night Betty slipped and almost had a severe fall, but Viri Daily her partner caught her in time to prevent it.

Bud Brubaker has succeeded in making a house trailer for airplanes in this he

and Bea Haffner, plan to make a flight to South Africa, after spending a few days there they will continue their trip to "Little America", where they will erect an airplane factory to supply the world with airplane house trailers.

"But, said Mr. Settle, "you have left out one, what about Virginia Singer?" At this the fortune teller laughed and removed her turban and to our surprise there stood Virginia Singer. It seems that she has spent five years in India and after learning her "trade", from the Hindus she is touring the United States just hitting the Big Cities.

#### Junior & Senior Reception

The Junior and Senior Reception was held April 22, 1938 at the West Grove Grange Hall. The hall was decorated as an old fashioned garden. The garden was carried out in the Junior and Senior Class colors of blue and white and cerise and silver.

After the banquet those present at the reception motored to Decatur and enjoyed a skating party.

The evening was well spent and enjoyed very much.

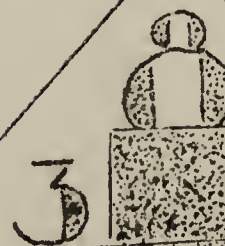

The members of the Junior and Senior classes and the teachers were present.

There were many interesting features including the Casino, Bingo, Basket-ball goal and many other entertainments. They had eating booths throughout the building. The Juniors introduced the "skeleton ride" this year. The funds are to be used for school purposes and part of them will be used for other interests of the school.

## VISIT TO INTERNATIONAL STOCK SHOW

To many boys of P.H.S. one of the outstanding events of the year was the trip to the International Stock Show at Chicago.

The trip was primarily for agricultural boys, but any boy or his dad, had the privilege of going. It was composed of Twenty-one School boys, Albert Leavelle, Merle Brunson, Gale Hinshaw and Mr. Cooper.

The Craig Co. was hired to take the boys. They left Poling at 7:30 p.m. Wednesday Decemeber 1, 1937.

They arrived in Chicago, about four o'clock Thursday morning. After an early breakfast they made a trip to see the Stock Yards. Due to the many fine animals having been brought to the show, the Yards were filled with especially good grades of animals.

From eight o'clock to ten they were conducted through Swifts Packing Plant. There they saw cattle, hogs, and sheep being slaughtered, packed and stored for consumption.

They then entered the Amplitheatre where they enjoyed the fine animals on exhibit. In the evening some attended the Horse Show while others were so tired they enjoyed their beds at the Stock Yard Inn.

On Friday they visited the Shedd Aquarium, Field Museum, China Town, Board of Trade building, W.L.S. Studio, and Marshal Field Store.

At ten o'clock they started home. On account of the driving becomming bad, they parked by the side of the road until morning, and arrived at Poling at ten o'clock Saturday morning.

G. Cooper.

### "The Baseball Season"

The Baseball season was not very successful as Poling won but two games while loosing two and tying one.

Poling defeated Madison after being behind until the last inning and Pennville after tying Pennville in the scheduled game which had to be played off.

We lost to Bryant in a hard fought game after leading most of the game.  
 We were also defeated by Gray.

Second row; Student Manager, Dorwin Rigby, George Glentzer, Jack Gillispie, Lawrence Lee, Oren Taylor, Glen Holsten, and Coach Terry Bolander.

### Poling Prospects

Although Poling loses five of the first ten men by way of graduation among which are the two highest scorers the prospects look bright for the future. In two years when the Sophomores of 1938 are seniors Poling should have one of the best teams it has ever known.

## Basketball

The basketball season proved much more successful this year than for the past few seasons. The team winning five and losing twelve. One of which was to Pennville by a one point margin. Poling was one point ahead when a Pennville man sunk a basket with just a few seconds left to play, but this was evened when Poling beat Pennville by one point at Hartford Twp.

## Junior High Basketball

The Poling Junior High did not have a very successful basket ball season losing all of their games. The main reasons for the losing of all of these games seemed to be the lack of training in all of the fundamentals of basketball and team work as well.

## Softball

After the basketball season was over Coach Bolander planned to play softball but due to bad weather we got started about three weeks later than expected.

Four teams were chosen namely the Giants, Cubs, Tigers, and Yankees with captains Jack Gillispie, Glen Holsten, George Glentzer, Jim Lee, respectively.

## Public Library Book Trailer

### SUMMER SCHEDULE

During the past few weeks the library assistant on the book trailer has constantly been asked if the trailer will continue to make trips after school is out. Her answer has been "Yes". But she has not been prepared to say definitely whether the trailer will continue to make weekly visits to all stops. That depends upon the use made of it during the summer.

Library circulation always drops when fine weather sets in. Out-of-door recreation as well as out-of-door work cuts into the time people have to give to reading. Without doubt the circulation from the trailer will drop; and if it drops too drastically we may feel it advisable to make bi-weekly rather than weekly trips.

However the summer schedule that we are tentatively adopting is on a weekly basis. We shall continue to visit all our regular stops other than schools and we are adding new stops. Some of these stops have been added because of requests of residents. Others we have added ourselves in the hope of reaching neighboring children and high school students who have been using the trailer at school or borrowing books from the school collections.

We very much want to meet the book needs of children and young people this summer. During the long vacation it is easy to get completely out of touch with books and in the fall it is correspondingly difficult to get back into the swing of school work. Children in the lower grades especially need year-round practice in reading; while older students can add to their background or brush up on particular subjects thru recreational or serious summer reading.

And not to be forgotten are the many books which are designed to help a person in developing his chosen avocation. "The fun of photography"; "Archery simplified"; "Furnishing the home grounds"; "Swimming is fun"; "New tin-can projects"; "Bob Becker's pet book"; "How to build

motor car trailers"; "How to make garden pools"; are a sampling of the many titles that are suitable for summer study.

The following schedule will be adopted tentatively beginning April 23rd. The time spent at the various stops may have to be adjusted to meet varying summer demands.
